Education

Adani University - Faculty of Engineering Science and Technology

July 2023 – Present

B.Tech in Computer Science Engineering (AI & ML) — CGPA: 7.30

Gandhinagar, Gujarat

Projects

Roadsafe | *TypeScript, Next.js, Supabase*

January 2025

- Led the frontend development of **Roadsafe**, a community-driven mobile platform for users to report accidents and similar incidents.
- Designed an intuitive user interface ensuring **seamless navigation** and **real-time updates**, optimized for mobile devices.
- Created as part of **Techathon 2025**, a 24-hour hackathon.
- **Links:** [Live Deployment](#) | [Source Code](#)

EveryNyan | *TypeScript, ReactJS, Next.js, Firebase*

November 2024

- Designed and developed the frontend and contributed to the backend of a **completely anonymous platform** for university students to share rants, confessions, and knowledge.
- Focused on creating a **user-friendly interface** that promotes community engagement and open expression while implementing features ensuring user privacy and data security.
- Collaborated with team members to integrate backend functionalities, enabling **seamless interactions** and **real-time updates** within the platform.
- Achieved **120+ active users within the first month** of launch.

Stargazer | *TypeScript, React.js, Flask*

September 2024

- Contributed to the frontend development of **Stargazer**, an astronomy dashboard providing users with an **interactive platform** to explore celestial events and data.
- Focused on creating a **visually appealing and user-friendly interface**, enhancing the overall user experience with seamless navigation.
- **Links:** [Source Code](#)

FlaminUI | *TypeScript, ReactJS, FramerCSS, TailwindCSS*

July 2024

- Developed **FlaminUI**, a React component library offering a **diverse selection of highly customizable components**.
- Facilitated the **rapid creation of beautiful and functional web applications** for both beginners and advanced projects.
- **Links:** [Live Deployment](#) | [Source Code](#)

Achievements

- **Winner in Techathon 2025**, a 24 hours hackathon organised by Thinkbiz Technologies and Adani Institute of Digital Management (January 2025).
- Conducted a **three hours online workshops on Git and Github** organised by Adani Student Programming and Development Club (ASPDC) (October 2024).
- Conducted a **series of offline three hours workshops on TailwindCSS** organised by Web Development Domain at ASPC (September 2024).
- Serving as **Web Development Domain Head** at Adani Student Programming and Development Club (ASPDC). (August 2024 - Present)

Skills

Programming Languages: TypeScript, JavaScript, Python, Java, C, SQL

Computer Science: Data Structures, Analysis and Design of Algorithms, Database Management Systems, Computer Networks, Operating Systems

Web Development: Restful APIs, Express.js, Mongoose, TailwindCSS, React.js, Next.js

Database Management: MongoDB, MySQL

Tools & Softwares: Git, GitHub, Postman, Notion, VS Code
